1. Installation Process

To install the extension, you need to follow below steps

- Backup your web directory and store database
- Enable all cache from admin (System > Tools > Cache Management) before upload extension.
- Extract extension zip package and copy folder (app).
- Upload (app) folder to your store root folder by FTP.
- After uploading (app) folder navigate to your store root folder in the SSH console of your server:
 - Go to root of your Magento installation.
 - Run the following command:
 - `php bin/magento setup:upgrade`
 - `php bin/magento setup:static-content:deploy -f`
 - `php bin/magento cache:flush`
- Logout to complete installation process and login.

2. Customer Avatar Configuration

2.1 General Settings

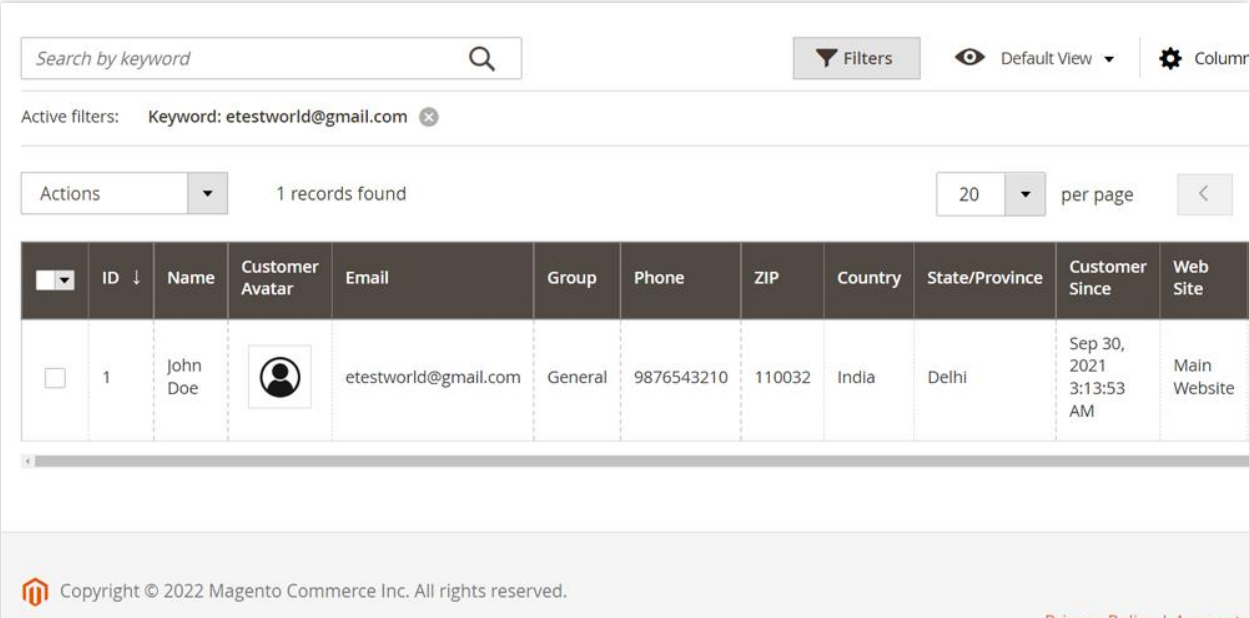

The screenshot shows the 'Configuration' page in an admin interface. At the top, there's a search icon, a notification bell with a red '1', and a user profile 'admin'. Below this is a 'Scope' dropdown set to 'Default Config' and a 'Save Config' button. On the left, a sidebar lists 'PIXLOGIX EXTENSIONS' with sub-items: 'Social Login', 'Product Attachments', 'Test Configuration', 'Blog Configuration', and 'Customer Avatar' (which is highlighted with a red bar). Below the sidebar are three expandable sections: 'GENERAL', 'PIXLOGIX FLEXIBLEFORMS', and 'CATALOG'. The main content area is titled 'General Settings' and contains five settings, each with a dropdown menu set to 'Yes' and a description:

- Enable Module** [website]: Yes. To show/hide "Customer Avatar" file upload button to the frontend customer edit account information page.
- Enable Customer Avatar Upload on Customer Edit Account Page** [website]: Yes. To show/hide "Customer Avatar" file upload button to the frontend customer registration page.
- Enable Customer Avatar Upload on Customer Registration Page** [website]: Yes. To show/hide "Customer Avatar" file upload button to the frontend customer registration page.

- **Customer Avatar:** This image upload field will allow to the admin uploading, editing and deleting customer image from the customer edit form from the admin panel.

5. Frontend: Registration From

The screenshot shows the 'CREATE NEW CUSTOMER ACCOUNT' page for LUMA. The page has a dark header with navigation links: 'Default welcome msg!', 'Sign In or Create an Account', and 'USD - US Dollar'. Below the header is a search bar and a shopping cart icon. The main content area is titled 'CREATE NEW CUSTOMER ACCOUNT' and contains two sections: 'Personal Information' and 'Sign-in Information'. The 'Personal Information' section includes fields for 'First Name' and 'Last Name', both marked with a red asterisk. Below these are two checkboxes: 'Sign Up for Newsletter' and 'Allow remote shopping assistance'. The 'Sign-in Information' section includes fields for 'Email' (containing 'ponoxex@mailinator.com') and 'Password'. The password field is marked with a red asterisk and shows a strength indicator: 'Password Strength: Weak'. Below the password field is a 'Confirm Password' field, also marked with a red asterisk. There is a 'Show Password' checkbox. A red box highlights the 'Additional Information' section, which includes an 'Avatar' field with a 'Choose File' button and the text 'No file chosen...'. At the bottom of the form is a blue 'Create an Account' button. A red asterisk indicates required fields.
